ALPINA CLEANERS

CLEANERS

SIROCCO

The Sirocco Backpack vacuum cleaner enables quiet, powerful and sustainable cleaning in both households and commercial areas.

Technical specifications

- Voltage: 220 V
- Power: 1200 W
- Suction: 26,5 Kpa
- Weight: 4,6 kg
- Noise: 6,5 dB
- Hose length: 1 m
- Cord length: 15 m
- 360° rotation feature
- Equipped with 4-step filtration system with 6 Quartz dust bags

Why choose the Sirocco?

- The Sirocco is a light backpack that makes working comfortable
- The Sirocco has strong suction power thanks to the Ametek motor
- Stretchable hose and cable of 15 m can be obtained

GUM REMOVAL TOOLS

G-GUM

Using G-gum, which is equipped with wheels at the bottom, you can easily remove chewing gum. The G-Gum makes removal of chewing gum quick and easy.

Technical specifications

- Built-in vaporizer
- Unit is heated by a gas bottle
- Cleaning liquid from reservoir is injected into vaporizer (flow 3 ml / second)

Why choose the G-Gum?

- Light, easy to carry and operate, quiet
- No electricity required
- Removes chewing gum in 3-4 seconds
- PH-neutral and harmless cleaning product
- Uses little water and cleaning product
- Removes up to 700 chewing gums per hour
- Brushes for different surfaces (e.g. nylon brush for indoor use)
- Low purchase and consumption costs

G-CART

The portable G-Cart ensures efficient cleaning of public surface areas. The cart contains a preheating system that absorbs exhaust gases and reuses them to heat water.

Technical specifications

- Made of stainless steel
- Built-in gas regulator for stable gas supply
- Automatic gas shutdown thanks to sensors (gas leak and water level)
- Steam pressure gauge with special software

Why choose the G-Cart?

- Ergonomic and portable trolley with retractable handle
- It is safe and flexible to move thanks to the swivel wheels
- The gas pressure gauge analyzes the most suitable pressure for the weather conditions
- No electricity and cables needed
- No energy waste due to recycling of heat energy

E-CART

Powerful and durable battery powered gum removal machine. The ingenious system allows the cleaning of the most stubborn chewing gum. The low pressure avoids damage.

Technical specifications

- Made of stainless steel
- Built-in vaporizer
- Unit is heated by a gas bottle
- Cleaning liquid from reservoir is injected into vaporizer (flow 3 ml / second)
- Equipped with adjustable push handle as well as swivel wheels
- Brushes available for different surfaces

Why choose the E-cart?

- Light and portable
- Removes chewing gum in 3-4 seconds
- Battery lasts for 4 hours and removes up to 3000 pieces of chewing gum
- Comfortable to use
- Long steam gun for hard to reach places
- Uses little water and product
- No electricity required

E-HANDY

The E-Handy is a lightweight and portable steam cleaner which removes chewing gum. It is equipped with a shoulder strap, which makes it perfect for indoor and outdoor use.

Technical specifications

- Made of stainless steel
- Built-in vaporizer
- Unit is heated by a gas bottle
- Cleaning liquid from reservoir is injected into vaporizer (flow 3 ml / second)
- Brushes available for different surfaces

Why choose the E-handy?

- Light to carry and easy to operate
- Removes chewing gum in 3-4 seconds
- Consumes little water and cleaning product
- Can remove up to 700 chewing gums per hour
- PH-neutral detergent that leaves no residue
- No electricity required

E-GUM

The E-Gum is reliable and ecologic, a perfect combination. This steam cleaner operates on a rechargeable battery that does not require gas or electricity.

Technical specifications

- Built-in vaporizer
- Unit is heated by a gas bottle
- Cleaning liquid from reservoir is injected into vaporizer (flow 3 ml / second)
- Brushes available for different surfaces

Why choose the E-Gum?

- Light and easy to carry
- Easy to move thanks to wheels at the bottom
- Can remove up to 700 chewing gums per hour
- Removes chewing gum in 3-4 seconds
- Use of environmentally friendly chemical solutions
- Consumes little water and detergent
- No electricity required
- Can be used both indoors and outdoors

COOLER

ICE GUN

The Ice-Gun® ensures that your drinks are served ice-cold and that the glasses look unique and cool. It is perfect for an ice cold beer, wine, cocktails and so on.

Technical specifications

- Can be connected to liquid carbon dioxide using a rising pipe
- The carbon dioxide cylinder can be used for approximately 500 glasses

Why choose the Ice Gun?

- Convenient design, practical and user-friendly
- Spectacular to use
- Can be used both indoors and outdoors
- Freezes a glass to -35 °C in a few seconds

CAR WASH MACHINES

DIESEL CAR WASH MACHINE

The diesel steam car wash is the most powerful steam cleaner on the market. This steam generator is equipped with advanced non-boiler technology and is extremely user-friendly.

Technical specifications

- Steam pressure: 8 bar
- Internal temperature: 170 ° C
- Steam temperature: 110 ° C
- Warm-up time: 60 sec
- Water consumption: 0.67 l / min
- Diesel consumption: 2 l / h
- Water tank capacity: 24 l
- Diesel tank capacity: 14 l
- Electric power: 500 W
- Voltage: 220-240V
- Frequency: 50/60 Hz
- Dimensions: 111 x 62 x 84 cm
- Weight: 83 kg
- Number of outputs: 2
- Accessories: 2 steam guns, 2 steam hoses, 2 microfiber cloths

Why choose the Diesel Car Wash?

- Powerful non-boiler steam cleaner suitable for professional use
- Saves large amount of water thanks to high steam pressure
- Easily removes dirt, oil and stains

ELECTRIC CAR WASH MACHINE

The electricity steam car wash allows you to wash your entire car with a few liters of water. This steam generator without boiler is extremely user-friendly.

Technical specifications

- Water consumption: 0.3 l / min
- Steam temperature: 110 ° C
- Steam pressure: 6 bar
- Voltage: 220V-240V
- Frequency: 50Hz-60Hz
- Electric consumption: 3 kW + 1 kW (vacuum)
- Water tank capacity: 9 l
- Waste tank capacity: 10 l
- Dimensions: 84 x 89 x 61 cm
- Weight: 54 kg
- Warm-up time: 60 sec
- Accessories: 1 brush, 1 hose, 1 steam hose, 1 steam gun, 2 microfibre cloths

Why choose the Electric Car Wash?

- Non-boiler steam cleaner suitable for everyday use
- Saves large amount of water thanks to high steam pressure
- Easily removes dirt, oil and stains

HEESY PLASTIC FREE PRESSURE WASHER

The first pressure washer with a case made entirely from Okoumé wood. That makes it eco-sustainable and 99% plastic-free, as well as 100% recyclable.

Technical specifications

- Dimensions: 37.2 x 78.8 x 44.7 cm
- Weight: 33 kg
- Absorbing power: up to 2.3 kW, 13 A (Pro version)
- Pressure and flow: up to 150 bar, 540 lt/H (Pro version)
- Warranty: 24 months (EU country)

Why choose the Heesy pressure washer?

- 3 models available in 2 versions: Chalet, Storm and Mantegna
- Completely made of wood and natural materials
- Recyclable, efficient and powerful thanks to innovative design
- Removes dirt and stains in a durable way
