

Cylinder Mower MCM 3/5/7

- 3, 5 or 7 spindle mower suitable for MH, MX & CX tractor ranges
- Ideal for municipalities and landscaping contractors, particularly for mowing sports grounds, large parklands and green spaces
- Mower cylinders are hydraulically lifted (e.g. for transport) via joystick from within Multihog cabin
- The mower is fully operated from the cabin, ensuring the operator stays warm and dry, and reducing the risk of accident or injury
- Cutting width varies from 2100 - 5000 mm (6.8 - 16.5 ft), depending on model chosen
- Cylinder diameter varies from 210 - 250 mm (8 - 10 in), depending on model chosen
- Cutting height adjustment ranges from 25 to 40 mm (1.0 - 1.6 in), depending on model chosen

Due to our policy of continuous improvement, specifications may change subsequent to publication of this sheet.
